

16th Architectural Humanities Research Association International Conference
AHRA2019 Dundee

21st - 23rd November 2019

Newsletter No. 1

June 2019

The 16th annual international conference of the Architectural Humanities Research Association, the representative body for researchers in Architecture Schools in the UK.

To all delegates, sponsors, keynotes, and potential attendees of all or part of the conference, we intend to keep you informed of the progression of events in the lead up to the conference, with periodic newsletters. This is our first. Please forward this newsletter to any person who might be interested.

We are in the process finalising the programme, including the composition of the paper sessions and appointing paper session chairs. The programme is bigger than anticipated due to the incredible response to our call for papers. We received 300 abstracts, of which some 110 were from overseas, including South Africa, China, the Americas and the European Union.

Social Programme

The City of Dundee and the Lord Provost will be hosting the opening drinks reception on the University Campus on the evening of Thursday 21 November 2019.

The conference dinner will be held on Friday night in the new V&A Dundee museum by Kengo Kuma and Associates, Architects.

Registration Open

Early Bird Registration is available until 31 August 2019 - save £40. [Click here to register.](#)

Accommodation / Travel

Dundee & Angus Convention Bureau is working in partnership with AHRA2019, and is our official accommodation provider for the conference.
