

### **The difference between us and other event companies, is us!**

We don't just conferences, we organise experiences. From our office in Dundee we understand that every delegate, every guest matters. We're here to make sure your audience finds your event truly memorable.

### **What do we offer?**

From conferences to festivals, product launches to themed conference dinners, exhibitions to outdoor events, we not only produce events across the UK and Europe, but cover everything in-between. Since acquiring Origin Events in 2017, we boast our own conference booking and integrated accommodation platforms, setting industry standards and making the process of attending your events simple and streamlined. We also have a marquee and equipment hire department, offer free venue searching, website tools and post event evaluation. You can view our full list of services on the right.

We pride ourselves on always being on time, on target and on budget. We're big on building special, unique moments, but never lose track of the fine detail. When the big day comes, you can have every confidence that each individual aspect is in safe, expert hands, allowing you to relax and mingle with your guests. You can expect a seamless, quality, engaging event. And if that means we make you look great, then that's fine by us!

### **Results driven...**

We want to maximise your event. Whether you're looking for ROI from your corporate gathering, building, motivating and nurturing great customers, or simply wanting your guests to have a memorable time, we can support you with every aspect of your event, no matter how large or small.

We are proud to say that many of our customers receive so much value from working with us, that they return again and again. In fact, we've come to know some so well, they look at us as an extension to their team!

### **Who will you be working with?**

Our dedicated team of specialists is led by Eleanor Whitby, who is passionate about events and people. Her ambitious, fun-loving, loyal traits spread across the company, where you can expect the highest level of customer service, professional yet friendly event production, unique and original ideas and a quality of service, which is second to none. Eleanor is joined by Ed Murdoch who has over 20 years experience in the hospitality and events industry and a real eye for the details. It's the people behind Red Pepper Events and the overall experience that make clients repeatedly book their events with us.

We combine your expectations with our creativity, add a dash of loyalty, a heap of professionalism, and mix it altogether with a handful of ambition to create winning, successful events.

### **What next?**

We believe that getting to know our clients helps us to deliver the perfect event, right down to the smallest detail. We'd love to hear how we can help you...no matter how big or small your requirement. Drop us a line to tell us more!

## **Client Reviews**

### **Linda Farrow, UKELA (UK Environmental Law Association)**

"Red Pepper has organised two events for UKELA - our UK national conference and our Scottish national conference. In both cases, Red Pepper has been client focused, efficient and a pleasure to work with. They pay close attention to the delegate experience and to client budget constraints - a good recipe for a successful event!"

### **Fraser Bell, Aberdeen City Council / SOLAR**

"Red Pepper organised the annual SOLAR Conference 2017 in Aberdeen. Their professionalism, easy going approach and 'can do' attitude meant that they were a real joy to work with. I'm delighted that Red Pepper will be supporting SOLAR again in 2018!"
